OLD BUSINESS

Carl Schueler from City Planning presented an update on the Colorado Springs Comprehensive Plan, PLANCOS, LEADING THE WAY TO OUR FUTURE. This City Council-driven blueprint for the physical development of the city enlists input from the community by means of a survey. Mr. Schueler shared the results of the survey so far. (Horst will make these handouts available at the next CTAB meeting) -

A steering committee is in place to represent the community –

NEW BUSINESS

Kate Brady spoke about the Bike to Work Day and Bike Month 2017. Plans are not yet finalized, but 12 locations on the trail network are to be staffed by sponsors and volunteers.

Discussion ensued about future meeting date changes to accommodate Tim Roberts' conflicts. Discussion was tabled by acting chair.

ATAC members reported favorably about the recent joint CTAB/ATAC meeting and endorsed better communication. What assignments does CTAB have for ATAC? How is the ATAC agenda prepared, designed, and finalized?

Kate Brady also presented an update on the Bike Master Plan and encouraged attendance at the May 3rd Open House in the downtown library. At the meeting there will be ample opportunity for consultants to communicate with the public.

Board members discussed the need for ready availability of bicycle trail maps, both printed and on-line versions. Mr. Richardson suggested that the city communication department build such a web-site for bicyclists.

Meeting adjourned at 7:12pm

Respectfully submitted, Horst Richardson
